PROFESSIONAL SUMMARY

Motivated Computer Science student with practical experience designing and developing modern web applications using React, JavaScript, Firebase, C#, Java, SQL, HTML and CSS. Passionate about building software that solves real-world problems through clean, scalable solutions.

Experienced in authentication systems, AI-assisted application features, responsive web development and Git version control through multiple personal software projects. Strong analytical thinker with excellent problem-solving skills, proven discipline from competing at national level athletics, and eager to begin a career as a Software Engineer in a collaborative development team.

EDUCATION

North-West University (NWU)

Bachelor of Science in Information Technology (*or Computer Science—replace with the correct degree title*)

Expected Graduation: 2027

Relevant Coursework

- Object-Oriented Programming
 - Data Structures & Algorithms
 - Software Engineering
 - Database Systems
 - Computer Networks
 - Web Development
 - Systems Analysis & Design
-

TECHNICAL SKILLS

Programming Languages

- Java
- JavaScript
- C#
- SQL
- HTML5
- CSS3

Frameworks & Technologies

- React
- Firebase Authentication
- Google Authentication
- REST APIs

Tools

- Git
- GitHub
- Visual Studio Code
- Cisco Packet Tracer

Development Skills

- Front-End Development
 - Responsive Web Design
 - Authentication & User Management
 - Database Design
 - Debugging & Testing
 - Agile Collaboration
 - Problem Solving
-

SOFTWARE PROJECTS

Athlete Performance Tracker

React | JavaScript | Firebase

Designed and developed a comprehensive athlete management platform to help athletes monitor performance, manage training sessions and achieve long-term goals.

Key Features

- Secure Email & Google Authentication
- AI-powered training assistant

- Athlete dashboard
- Performance tracking
- Personal best management
- Goal setting
- Training history
- Responsive mobile-friendly design
- Modern component-based architecture

Technologies:

React • JavaScript • Firebase • Git • GitHub

React Notes Application

React | Firebase

Built a secure cloud-based note management application allowing authenticated users to create, edit and organise notes.

Features

- User Authentication
- Create Notes
- Edit Notes
- Delete Notes
- Responsive Interface

Technologies:

React • Firebase • JavaScript

Tutors Application

C#

Developed a tutoring platform connecting students with tutors for university modules.

Features

- Tutor listings
- Student matching
- User-friendly interface

Technologies:

C# • Object-Oriented Programming

ATHLETIC ACHIEVEMENTS

North-West University Athletics

Competed in:

- 110m Hurdles
- 400m Hurdles
- Triple Jump

Achievement

Qualified for and competed at the **South African National Athletics Championships**, demonstrating discipline, resilience, time management and the ability to perform under pressure while balancing university studies.

SOFT SKILLS

- Problem Solving
 - Communication
 - Teamwork
 - Adaptability
 - Time Management
 - Leadership
 - Continuous Learning
 - Attention to Detail
-

LANGUAGES

- English
